

The 66th Edward C. Martin Landscape Symposium

Wednesday, October 20, 2021

9 a.m. to Noon

Bost Auditorium

Mississippi State University

Starkville, Mississippi

The Life in Your Backyard

"Our privately owned land and the ecosystems upon it are essential to everyone's well-being, not just our own." - Doug Tallamy

Your garden can make a difference! Developing your landscape with wildlife in mind has been proven to enhance local biodiversity. Speakers for this year's symposium are experts in wildlife/plant relationships and will share with you how to make your property more critter-friendly.

Susan Haltom

Author of One Writer's Garden

Dr. JoVonn Hill

Director of the Mississippi Entomological
Museum

Mississippi State University

Dr. Richard Brown

Retired, Emeritus Professor

W.L. Giles Distinguished Professor

Mississippi State University

Sponsored by:

MSU Department of Landscape Architecture

Garden Clubs of Mississippi, Inc.

Mississippi State University Extension

WHAT IS A SMART LANDSCAPE?

Healthy water practices

Places for wildlife

Plant diversity

Integrated pest management

Energy savings

Healthy soils
